From paper and phone calls to one calm screen

THE OLD WAY

 **Booking:** A register full of crossings-out.

 **Clashes:** Two patients given the same time.

 **History:** Digging through old files.

 **Prescriptions:** Paper slips get lost.

 **Timings:** Patients booked in your break.

WITH CALMORA CARE

 Say it or type it once. Booked, neat and clear.

 Clash caught, a free time suggested.

 Type the name — the whole history on one page.

 Written on a tablet. Every one saved.

 Set hours and break once. Bookings follow them.

HOW IT WORKS

As easy as talking to your receptionist

Say it

Tap the mic and speak normally. Or type, if you prefer.

Check it

See what it understood. Change anything with one tap.

Done

Press Save. Calendar and patient file update together.

PEACE OF MIND

Your records, safe and sound

Nothing saved without your OK

Every entry is shown to you first.

Only your clinic can open it

Protected by your clinic's login.

No more lost files

Every visit and prescription stays on record.

Nothing to install

Opens in the browser on your own computer.
